

Privacy Policy for Reflect App

Date: 19.09.2025

Data Controller: Piotr Zięba, piotr.zieba@getreflected.com

1. General Information

Reflect requires registration and login. Use of the app is voluntary, but requires creating a user account.

2. Data Processed

- User registration data (e.g. email address, password)
- User voice recordings (processed locally and on the server for AI analysis)
- Personal data necessary for account creation and management
- No profiling or marketing

3. Purpose and Legal Basis

- Account creation and management
- Analysis of voice recordings at the user's request
- Sending push notifications (with consent)
- Permissions: microphone, notifications, (optionally) photo library

4. Data Sharing

- Registration data and recordings are not shared with third parties, except for technical providers supporting the app (e.g. server, AI), who process data only on behalf of the controller.

5. User Rights

- Right to access, rectify, delete, and restrict processing of data (including account and recordings)
- Right to lodge a complaint with the data protection authority

6. Security

- Data is stored securely
- No long-term storage of recordings after analysis (deleted on request)

7. Contact

For data-related matters, contact: piotr.zieba@getreflected.com
